A MESSAGE FROM MOHEGAN LEADERSHIP

As we reflect on the challenges of the past year, we would like to extend our gratitude and appreciation to our guests, team members and the Mohegan Tribe in their continued support of Mohegan Sun.

When we reopened our doors in June 2020, we did so with confidence in our ability to provide the highest level of safety and security for our guests and team members. Our efforts both on the floor and behind the scenes were a product of extensive planning, training and execution by our team members in coordination with guidance from our Tribal Health Department. We continue to operate with these highest levels of safety and security standards, and are committed to maintaining a safe environment going forward.

As the availability of vaccinations continues to grow, we want to assure our guests that we remain committed to the following policies and procedures:

- Masks and Face Coverings will continue to be required for UNVACCINATED persons on site
- Continue to maintain safe physical distancing measures
- Enhanced cleaning and sanitizing procedures will continue
- Hand Sanitizer and Sanitizing Wipes will continue to be made available at many locations across property

We understand it has likely been difficult for our guests to return or to visit us as often as they would have liked. We thank them for their continued loyalty and look forward to welcoming many more of our guests back in the near future.

From all of us, muykuhkukw qa wuyámukw (Be strong and be well).
