Mohegan Sun considers all of our team members and guests members of the Mohegan family. As such, the health and safety of our valued team members and guests is a top priority here. Similar to many other organizations nationwide and in light of the recent announcements related to gatherings and events, we are currently following the guidelines for businesses issued by the Centers for Disease Control and Prevention (CDC) and daily guidance of the onsite Mohegan Tribal Health Department related to Coronavirus (COVID-19) prevention. Subject matter experts on the staff of the Mohegan Tribal Health Department are prepared with a plan of action for such a situation and have a Medical Director under contract to better ensure the safety of our visitors.

Out of an abundance of caution Mohegan Sun Arena and Expo events have been postponed through March 23rd.

We continue to operate our casino resort, but with some important changes to further protect our employees and guests. We are taking the following additional precautionary steps to protect our employees and guests:

- The Mohegan Tribal Health Department is working closely with the CT Department of Public Health (DPH) and the CDC to monitor and provide updates on the evolving COVID-19 situation.

- Mohegan Sun has elevated its daily cleaning processes throughout the property (casino, hotel and all back of house areas). Our efforts include:
  - Increasing the number of hand sanitizers stations available on property.
  - Increasing the frequency of our cleaning and disinfection efforts on property to include sanitizing all surfaces and touch points using medical grade, hospital strength products regularly throughout the day.

- Team members are regularly reminded to follow the CDC’s guidelines on personal hygiene and avoiding contact with people who are sick.

- Any team member who feels unwell or has a fever is asked to stay home and contact a health care provider.

- Team members are being trained to identify symptoms in others and communicate appropriately.

- CDC best practices are posted across the property for both team members and guests.

We are always committed to operating a safe, clean and welcoming environment, and we will continue to follow the guidance of the public health authorities and adjust our approach as needed. Please visit www.mohegansun.com_updates for the latest information. As always, we will strive to create a safe and enjoyable experience for you.

Perhaps as important as the precautions listed here, as a valued family member, we encourage you to continue to exercise good judgement in your daily lives for your own personal safety. Above all, it is important to remain calm for your own well-being and the well-being of our communities. We have persevered through difficult times in the past and we will persevere through this time as well.

We will continue to evaluate events at Mohegan Sun going forward.

Sincerely,

James Gessner
Chairman of The Mohegan Tribe and MGE Management Board

Mario Kontomerkos
Chief Executive Officer,
Mohegan Gaming & Entertainment
